Selecting a science curriculum that's a good fit for you and your students is the first step toward a great science learning experience. Because every teacher-student situation is different, there is no one science curriculum that is best for every homeschool family.

### **Science Curriculum Selection Guide | K-6 | 7-8 | 9-12**

Writing - argumentative writing in particular - can help students organize their thoughts and practice scientific thinking. "Argumentation is the means that scientists use to make their case for new ideas," Stanford University Professor Jonathan Osborne notes.. "It is debate and discussion with others that are most likely to enable new meanings to be tested by rebuttals or counter ...
