Preface to the Home Education Series. The educational outlook is rather misty and depressing both at home and abroad. That science should be a staple of education, that the teaching of Latin, of modern languages, of mathematics, must be reformed, that nature and handicrafts should be pressed into service for the training of the eye and hand, that boys and girls must learn to write English and ...

The Stromata, or Miscellanies Book VI. CHAPTER I -- PLAN. The sixth and also the seventh Miscellany of gnostic notes, in accordance with the true philosophy, having delineated as well as possible the ethical argument conveyed in them, and having exhibited what the Gnostic is in his life, proceed to show the philosophers that he is by no means impious, as they suppose, but that he alone is ...

vol 6 pg 1. A Philosophy of Education Book 1. Introduction. These are anxious days for all who are engaged in education. We rejoiced in the fortitude, valour and devotion shown by our men in the War and recognize that these things are due to the Schools as well as to the fact that England still breeds "very valiant creatures."

Sociological theory vs. social theory. Kenneth Allan proposed the distinction between sociological theory and social theory. In Allan's usage, sociological theory consists of abstract and testable propositions about society. It often heavily relies on the scientific method, which aims for objectivity, and attempts to avoid passing value judgments. In contrast, social theory, according to Allan ...

I don't see anything wrong with piggybacking - you did it and you turned out okay ! Honestly -I think it's a great way to take the pressure off kids who shy away from such things (like I did) because they are afraid of getting wrong answers or don't want to admit they don't know how to do the problems.

INTRODUCTION: Often, as well-meaning adults, when we see a drawing like the one shown here, we might offer to show the child the "right" way to draw a person. When we show them how it should look, we may be stunting a child's ability to learn. By "correcting" them and showing them how to draw something, we are both discouraging them and preventing them from learning how good observation is learned.
