If taken too far, stories with this aesop can turn anvillicious or into a Space Whale Aesop: always be kind to strangers, never kick puppies et cetera, or the universe itself will make your life a living hell. It also undermines the standard "do good for goodness' sake" lesson, since Bob never has to suffer for doing the right thing or accept virtue as its own reward — in Fictionland he ...

The brain is an organ that serves as the center of the nervous system in all vertebrate and most invertebrate animals. The brain is located in the head, usually close to the sensory organs for senses such as vision. The brain is the most complex organ in a vertebrate's body. In a human, the cerebral cortex contains approximately 14-16 billion neurons, and the estimated number of neurons in ...

1. Introduction1.1. Innovation for sustainability. Innovation has always been critical for long-term business success. Throughout history, organizations which have innovated successfully have typically been rewarded with growth, profits and access to new markets (Bessant and Tidd, 2007). Those organizations which fail to innovate risk being disrupted and made obsolete in a process described ...
