Reading aloud is a common practice in primary classrooms and is viewed as an important vehicle for vocabulary development. Read-alouds are complex instructional interactions in which teachers choose texts, identify words for instruction, and select the appropriate strategies to facilitate word learning. This study explored the complexities by examining the read-aloud practices

Vocabulary Development During Read-Alouds: Primary ...

Carl Rogers used the term "self-actualization" to describe something distinct from the concept developed by Maslow: the actualization of the individual's sense of 'self.' In Rogers' theory of person-centered therapy, self-actualization is the ongoing process of maintaining and enhancing the individual's self-concept through reflection, reinterpretation of experience, allowing the individual to ...
