Biblical literature - The King James and subsequent versions: Because of changing conditions, another official revision of the Protestant Bible in English was needed. The reign of Queen Elizabeth had succeeded in imposing a high degree of uniformity upon the church. However, the failure of the Bishops' Bible to supplant its Geneva rival made for a discordant note in the quest for unity.

Our K-12 school system is an artificial product of market forces. It isn't a good fit for all—or even most—students. It prioritizes a single way of understanding the world over all others, pushes children into a rigid set of grades with little regard for individual maturity, and slaps “disability” labels over differences in learning style.

Sentence spacing is the space between sentences in typeset text. It is a matter of typographical convention. Since the introduction of movable-type printing in Europe, various sentence spacing conventions have been used in languages with a Latin alphabet. These include a normal word space (as between the words in a sentence), a single enlarged space, and two full spaces.
